### Property In Path Of Blaze Doomed Officials Report

LOS ANGELES, Sept. 24 (UP)—A racing forest fire along the Ridge Route highway tonight was "licking at the doorsteps" of the National Forest Inn resort and automobile camp and was completely out of control, forestry officials reported.

Driven by a 25 mile an hour wind the fire which started Friday was roaring along both sides of the highway, and the ranger station, service stations and much private property was believed doomed.

The fire was the most serious of a dozen burning in southern California with most of the others reported under control. The Boulder Creek fire in San Diego county continued tonight to defy efforts of hundreds of fighters.

Forestry officials late today prepared to send a plane over the ridge route highway fire in an attempt to map the blaze in order that hundreds of men might more effectively combat it.

Telephone lines in the district have been demolished and rangers feared the property destruction already had been enormous.

The fire trapped seven motorists who were driving along the highway and they were seriously burned. Three automobiles were destroyed.

### RAIN ADDS TO HURRICANE HORROR

WEST PALM BEACH, Sept. 24 (UP)—Rain tonight added to the discomfort of storm refugees and families that have returned to houses only partially roofed.

The rain was so severe here that for a time power lines were disabled and West Palm Beach was in darkness. The trouble was remedied later, however.

If the rains continue difficulties of recovering bodies will be increased. A. L. Schafer of the American Red Cross said. Schafer, after returning from the flood district tonight said it would require 30 to 50 days for flood waters to subside.

Paint hope that the death estimate in the hurricane would lower somewhat was expressed by Red Cross officials in charge of relief work today.

It was estimated by officials of the Red Cross organization that there were 2200 dead, of which 1700 were believed negroes. It was said, however, that since several relief parties are working the same territory, it was possible a group of bodies had been reported twice.

### Appeals For Relief

JUDGE JOHN BARTON PAYNE, chairman of the American Red Cross, broadcasting an appeal for aid for the sufferers in the south and the West Indies where the hurricane left thousands homeless.

### PROTEST HEARD ON EL CERRITO PAVING

Charges of gross negligence on the part of City Engineer Ross L. Calfee, on the improvement of the streets in the Berkeley Country Club Terrace Tract were heard before the council of El Cerrito at its meeting Monday night and protests filed against the acceptance of the improvement.

Protests on the improvement which amounts to over \$300,000 stated that the work had not been done according to plans and specifications. Cases were cited where culverts were omitted, where the pavement had settled, where intersections were not constructed with materials as specified, where streets were not graded to their proper width, and that some of the material was of inferior quality.

W. P. Huber, a citizen who appeared before the council said that he had gone over the entire tract.

### Girl Escapes As Car Wrecked At Local Crossing

A San Francisco man was seriously injured and his 17 year old daughter is suffering from shock following the complete wrecking of their automobile by a Santa Fe passenger train at the San Pablo avenue crossing near Macdonald avenue.

William Steinicke, 2450 Anna street, San Francisco, is at the Cottage hospital with a possible fracture of the skull, internal injuries and severe lacerations about the body. His daughter, Elsie, 17, suffering from shock, is at the hospital with her father.

Steinicke has had a complete lapse of memory, believed due to a severe blow on the back of his head and is unable to remember anything. The daughter declared that they were returning from a three day hunting trip at Woodland, near Sacramento and believed she was driving when the crash came.

Steinicke's board for Oakland was at the wheel and according to the train crew the w-g was signal was working at the time. The front of the engine caught the light sedan and ground it to kindling wood, throwing the two occupants to the street. That the girl was uninjured was almost miraculous, police officials who investigated the accident declared.

BOTH FROM S. F.

Police Inspector George Bengley investigated the accident. After treatment at the Emergency hospital Steinicke was removed to the Cottage hospital. Steinicke, a widower, and his daughter, had recently moved to San Francisco from Long Beach. He was employed by Danner Brothers, San Francisco, business, while his daughter is an employee of the Union Furniture company of Mission street, San Francisco.

L. J. McElroy was conductor of the Santa Fe train which was bound for Oakland. C. Swan was the engineer and L. P. Stone the fireman.

### 'Ape Boy' Charged With New Killings

RIVERSIDE, Sept. 24 (UP)—Stanford Clark told his horror stories of the Northcott murder case anew today and the almost unbelievable account of degenerate attacks and murders by Stewart Gordon Northcott gained added credibility.

The young Canadian held as a witness against Northcott and his mother, Mrs. Lohise Northcott, now under arrest in Canada, was taken to Pomona and questioned by Constable A. B. Chambers.

When the interview ended Chambers said he was confident that Lewis and Nelson Winslow, missing Pomona boys had been victims of Northcott.

"They boys are dead," he said, plainly showing the strain he had undergone in questioning Clark. "I am as confident of that as I am that Clark's entire story is one of fact. Even though it sounds incredible in a civilized age."

The official said he had asked Clark about various particulars of their clothing. It would have been impossible, the constable declared, for Clark to have given the answer he did unless he was familiar with the youths who were supposed to have been taken to the ranch, abused and then killed.

### Report Asked On Alleged Bribe Charge

Request of W. F. Huber to the council of El Cerrito Monday night that Mayor Phil A. Lee and Councilman Charles Zimmerman file a written report of the alleged bribery cases where a "Mr. Green" was supposed to have sent Phil A. Lee \$375 and of any negotiations for a street lighting system which was supposed to be in consideration at the time by the council for San Pablo avenue was placed on file. Mayor Phil A. Lee stated that he had no further information on the case as it was in the hands of the district attorney.

In response to Huber's question Councilman Charles Zimmerman informed the council that he knew nothing of the case.

Huber in speaking stated that he believed Zimmerman knew more about the case and that it was said that "Mr. Green" received \$15,000 in commission for promoting street work in the city and that it looked like there was an attempt being made to "exploit the property owners."

### DAMAGED DAM MAY NEVER BE COMPLETED

LAFAYETTE, Sept. 24—Declaring that residents of the Lafayette district need have no fear that the sinking Lafayette dam will be built during their life time, James Boyer, member of the board of the East Bay Municipal Utility district, told citizens of the district at a mass meeting here that no further work will be done on the dam until after a report is received from an impartial board of engineers.

Arthur P. Davis, general manager of the Utility district, was unable to be present but issued the following statement, directed to George Meredith, president of the Lafayette Improvement club under whose auspices the mass meeting was held:

"I am authorized by the board of directors to say that work at the site of the dam is entirely suspended with the exception of clearing up the grounds. I am also authorized to say that no more work will be done upon the dam until the problem has been fully investigated by an impartial board of engineers of large experience and until assured that the property owners."

### L. A. CAPTIVE OF BANDITS FREED

MEXICO CITY, Sept. 24 (UP)—Edward J. Bumstead, Los Angeles mining engineer who was held a captive for three weeks in a bandit camp near Iztapalapa arrived here tonight after his release had been effected and gave the first story of his capture and confinement in the outlaw headquarters.

"My captors were Catholic rebels who explained they merely wanted money," Bumstead told the United Press correspondent.

He said his captors held religious services every morning and every evening and "seemed sincerely on the warpath for the church."

Bumstead was captured on Aug. 25 and held until his ransom of 20,000 gold pesos was paid on Sept. 15.

### TELEVISION ON LION PROGRAM

Members of the Richmond Den of Lions will be given an opportunity of learning the secrets of television and telephotography at the luncheon of the club to be held today noon in the Carqueize Hotel.

F. L. Church of the Pacific Telephone and Telegraph company, the speaker of the day will deliver a lecture and give a demonstration on just how this interesting and intricate work is accomplished with recently perfected instruments.

Edna Fisher, radio broadcasting star will be heard at first hand when she makes her appearance on the program of the den. Dr. M. W. Morgan is the chairman of the day.

### Hatchet Leads To Murder Charges

SPOKANE, Wash., Sept. 24 (UP)—A charge of first-degree murder probably will be filed Tuesday against Archie F. Mook, mill worker, for the death of Mrs. Katherine Clark, Boston, Mass., divorcee, chief deputy sheriff Glenn O. McEwen announced tonight.

Mrs. Clark's mutilated body was found late Saturday in an abandoned orchard near Foothills, ten miles south of Spokane. A blood stained shingler's hatchet found nearby, was identified as belonging to Grover C. Tyree, who told police he had loaned it to Mook a few days previous.

Coroner Barnhart and Prosecuting Attorney Charles Greenough visited the scene of the crime and declared that evidence tended to show that the woman had been slain some distance from the old orchard and dragged to the lonely spot.

Neighbors of the slain woman told police that Mook was supposed to drive Mrs. Clark to the wedding. Mook told conflicting stories regarding his actions on that date and it was said that the mill worker knows more about the woman's death than he cares to reveal.

Mrs. Clark's personal effects revealed that she had an establishment for repairing rugs in Boston. Letters of the slain woman indicated that she had a number of relatives in the east.

### Man Injured By Key Route Car At Stege

M. Bortz of 107 Panoramic way, Berkeley, narrowly escaped death yesterday afternoon when his machine which he was driving was struck by a Key system car at Stege junction.

According to the police report, Bortz was driving south on San Pablo avenue when his car was struck broadside by the street car, Richmond bound, making the turn off San Pablo avenue onto Potrero avenue. Bortz was thrown clear of the car and according to witnesses struck a telephone pole.

He sustained severe scalp wounds and bruises about the body. Officer Floyd Gilbert of El Cerrito, took the injured man to the Berkeley Emergency hospital where he received treatment and was later removed to his home.

W. A. Gray was motorman of the street car and George McDonald, conductor.

In the machine with Bortz was Walter Martin who was injured. The car was badly damaged.

### Kensington Loses Decision On Schools

Holding that adequate facilities are provided in the Richmond school district for children of the Kensington section, H. W. Hanlon, county superintendent of schools has ruled that the children will have to attend the local schools.

Several hearings have been held on the matter of a number of children who have been out on "strikes" from school since Alameda county made a demand on Contra Costa county for tuition of children in the Kensington section who have been attending school in Berkeley.

Hanlon announced after a meeting last week that he did not think Contra Costa county was justified in paying from \$5000 to \$10,000 a year for the education of the children in neighboring schools, while residents contended that they really were a part of Berkeley although they belong to the Richmond district.

A bus costing \$3000 has been provided for the safe transportation of the children, according to Hanlon and the parents have submitted to him that they consider the facilities in Richmond on a par with those of Berkeley.

Following the demand of the payment by Alameda county, some time ago, a group of the children were kept home from school while other made the transfer to the Richmond schools. The "strikers" have been attending a private school in the section pending the adjustment of the controversy.

### Traffic Rules Before Council

A copy of the uniform traffic law for municipalities and prepared by the California Automobile association, was presented to the council at its meeting last evening, and consideration asked for the same.

The matter was referred to City Attorney T. M. Carlson for one week, for his opinion.

### DEMOCRATS TO MEET OCT. 17

Democrats of Richmond are making preparations for a mass meeting to be held in Lincoln auditorium on the night of Oct. 17, according to L. J. Thomas, chairman of the program committee.

Maurice Harrison, well-known orator, will be the speaker of the evening. Thomas Hickey has been secured to address a Smith club meeting in Martinez, Oct. 3, and a mass meeting for organizing a Smith club in Crockett will be held Friday night.

Deputy registrars will be on hand in the headquarters of the Smith club, 818 Macdonald avenue every night from now until election to accommodate those who have not already registered.

### WORK SUSPENDED

"I am authorized by the board of directors to say that work at the site of the dam is entirely suspended with the exception of clearing up the grounds. I am also authorized to say that no more work will be done upon the dam until the problem has been fully investigated by an impartial board of engineers of large experience and until assured that the property owners."

### Oil Workers Arm Broken

Isaac J. McCaffin, 724 Barret avenue, is reported recovering in the Merritt hospital from a broken arm and wrist sustained last week while working at the Standard Oil company plant. He is a member of McKinley lodge of Masons.

### Charges Hurdled At El Cerrito Council Meet

No action was taken by the council of El Cerrito Monday night on the complaint of W. F. Huber that the city attorney of El Cerrito was in employ of Engineer Ross L. Calfee and not the city as far as street proceedings were concerned.

Huber stated some time ago the city passed an ordinance granting the city engineer an additional one per cent fee to hire whom he pleased for legal advice on street proceedings and that the city attorney had been employed and would naturally look out for the interests of the engineer rather than the property owners, which he thought was illegal.

Huber said that the some "Mr. Greene" who was alleged to have sent \$875 to Phil A. Lee, "was employed at one time by Mr. Calfee as inspector and it was said had received \$15,000 for promoting street work which the property owners had to pay for."

### Memorial Fountain Work To Be Rushed

The memorial fountain that is to be erected in Memorial park by the War Mothers, with the aid of the city of Richmond, and to cost \$2500 will be ready for dedication on Armistice day, Nov. 11, if City Manager J. A. McVittie can speed the matter along.

At the meeting of the council last evening the plans and specifications for the memorial were presented and adopted. City Manager McVittie stated the War Mothers had turned over to him a check for \$1,000, and the balance of the cost is to come from the general fund of the city.

The memorial is to be a three cornered red granite shaft, ten feet in height, mounted on a concrete base. On top of the shaft will be a star that will be lighted at all times.

Near the base there will be three bronze plaques containing the names of the Richmond war veterans who gave up their lives during the world conflict.

Built into the base there will be three drinking fountains.

The memorial shaft will be located directly south of the main entrance of the Memorial building.

### Son Of Candidate Slain In Arizona

JEROME, Ariz., Sept. 24 (UP)—Officials today sought to solve the mystery surrounding the death of John Mooney, 15, son of F. X. Mooney, Clarkdale, democratic candidate for the state legislature, who was shot and killed while riding in an automobile.

Young Mooney was with Holden Russell, 14, when the shooting occurred.

Russell told investigators he saw two armed men on the road. One of the men, the boy said, shot at them and then disappeared.

## 11 ARGUMENTS FOR HOOVER

Joe Mitchell Chapple, editor and publisher of the National Magazine, Boston, has assembled a booklet on Herbert Hoover telling why every member of the Chapple family will vote for the republican candidate. Mr. Chapple knows Hoover intimately and the democratic candidate just as well. Knowing them, he decided to go over the careers of both and make a careful analysis before making up his mind as to which one he would support. Then he had the members of his family think it over and they unanimously agreed that Hoover would make the best president. In condensed form he gives these, among other reasons:

Because of Hoover's thorough knowledge of administration of our government of business affairs here and abroad and of governments abroad.

Because of his grasp of national and international business affairs.

Because of his proven ability to adapt himself to changing conditions, an ability which means prosperity on the farm and in the city.

Because his campaign for fuller pay envelopes will mean increased savings accounts.

Because he has no entangling alliances at home or abroad.

Because he is a worthy successor to George Washington—his generalship is of the same type as that of the first president.

Because the younger generation is for him is the exponent of new ideas.

Because as a proven success in his own business affairs and in handling affairs of others, business will be safe with him.

Because of the long list of men and women who have found in him inspiration to shape their own lives along the paths of success.

Because of his unparalleled contacts with the ablest men abroad, which would enable him to continue building this country's prestige and which make him the ablest living American.

"The life of Herbert Hoover may be safely taken as an example for young people, for in all the work he has done," asserts Mr. Chapple, "he has never permitted anything degrading to touch his work or soil his hands."

Wisconsin is normally a pronounced republican state, and can be reckoned in the republican column by from 150,000 to 200,000. It has been carried by the democrats twice in the last forty years, in 1892 and 1912, and went Progressive for LaFollett's third party in 1924, but in all other years since 1888 it has been republican. And it is going for Hoover this year, by all the signs that are to be noted.

The fact that Hoover went fishing, had typical fisherman's luck, and took the good natured jibes about his poor catch with a smile, will probably get a lot of anglers' votes for him. —Meadville, (Pa.) Tribune-Republican.

President Coolidge is sure that Secretary Hoover will win in November. Mr. Coolidge is admittedly one of our shrewdest political observers. —Providence Journal.

Smith never split rails, but nobody ever did a more thorough job of splitting a party. —Bridgeport (Conn.) Telegram.

After this we shall believe whatever Herbert Hoover tells us. He says he had no luck on his trip. —Harrisburg (Pa.) Telegraph.

who will run the government's business if is taken off the job and made president? —Portland (Conn.) Telegram.

## Julie Says—

## BEAUTY

If you have blackheads or acne, hide your cosmetics so that you cannot find them until you have cleared up your skin trouble. It will be a struggle—I know how naked most women feel without powder or rouge—but it will be worth it if you really want to rid yourself of the blackheads.

The use of cosmetics will only irritate the already unpleasant condition and may spread the infection. If you feel that you simply cannot face people without using some powder, dust very lightly an antiseptic powder (some baby talums are excellent for this purpose) over the skin with a clean piece of cotton. Put your powder puff away until your complexion is free of infection and throw away the cotton after using it.

Dear Miss Lane,  
In an article of yours that I read not long ago you advised against the use of a knife or scissors to trim the cuticle around the nails. I've tried it but my nails look awful unless I peel off the cuticles. —Nan T.

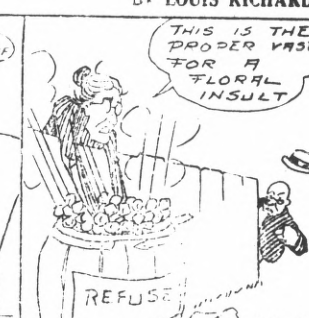

If you have been in the habit of cutting your cuticle, it may take some time for you to get your nails in condition. After washing the hands, push back the cuticle (not allowing any to ad- here to the nail) with your towelcream for pushing back the cuticle or fingertips. When manicuring cle and for cleaning under the

your nails, use a piece of cotton nail. There are also cuticle re- wrapped around an orange stick motors on the market which cause the dead skin to drop off.

## Richmond Club Hears Talk On Nation's Law

Speaking before members of the Richmond club yesterday in the clubhouse, Hall Sanders, Richmond attorney, sketched the historical formation of laws and discussed briefly, certain amendments on the November ballot.

Describing the growth and making of law, Sanders began with the Ten Commandments and traced the rise of more modern legal measures through the Bill of Rights and Declaration of Independence to the modern trend of lawmaking involving the initiative, referendum and recall.

Speaking of the difficulty of changing or amending the Constitution, Sanders said, "Since 1781—1800 amendments have been offered in the House of Congress. Of these, 19 have been passed."

Discussing measures on the coming November ballot, Sanders dwelt chiefly on those state amendments which club members in general are backing. Of these, amendment number 4, proposing an appropriation of six millions of dollars for the perpetuation of the scenic beauty of this county was stressed. The prize fight issue, the Rodeo amendment, the bond issue for railroad grade crossings, the so-called blind amendment were explained.

Concerning the amendment for the aid of crippled children, Sanders said, "In California there are approximately 40,000 crippled children, 15,000 of these are unable to receive medical treatment for financial reasons. At least 10,000 of these poor children could achieve normal health if the means were provided for their care."

Mrs. C. F. DeShields, president of the club spoke on the endorsement of club members for all those legal measures involving conservation of national resources, child life and human life in general. The proposed appropriation which would make railroad crossings safe for motorists falls in the latter category, she said.

Readings by Mrs. W. R. Houston followed the addresses. Refreshments were served by a committee consisting of Mrs. W. W. Scott, Mrs. Grace Stewart and Mrs. H. F. Lods.

The meeting yesterday was in charge of the chairman of the Red Cross drive for storm relief, it was announced.

## CONKLIN AIDED BY FIELDS IN COMEDY RIOT

When the bunco man comes to town and double lock the doors, but don't fail to see one of them in action. It can be done without jeopardizing the family fortune by going to see W. C. Fields and Chester Conklin in their Paramount team comedy, "Fools for Luck," now playing at the California theatre.

This comedy of the professional promoter's adventures in a small town is an entertainment masterpiece.

The picture shows Fields as a silver-tongued promoter who can make people scramble for the opportunity to turn over good money for worthless paper. Chester Conklin is shown as the leading citizen of a small town and an expert with a pool cue.

Pretty Sally Blane plays Conklin's daughter and with handsome Jack Luden supply the love element of the story. Lloyd Hamilton in "Between Jobs," a rippling Educational comedy, red number three of the movie star guessing contest and other short films are also on this program which ends tonight.

## CANYON SLAYER HEARS DEATH SENTENCE

LOS ANGELES, Sept. 24.—(U.P.)—Denouncing a defense of "lies," Judge Charles S. Burnell today sentenced Russell S. Beitzel, former Philadelphia engineer, to be hanged for the murder of his sweetheart, Barbara Mauger.

Beitzel will be taken to San Quentin prison within 10 days, the court ordered, and the date of his execution tentatively was ordered for Nov. 30.

The order followed denial of a motion for a new trial. Beitzel had voluntarily withdrawn a plea of not guilty by reason of insanity.

In passing sentence, Judge Burnell reviewed the case and said the defendant obviously had lied throughout his defense.

The nude body of Barbara Mauger was found in a lonely canyon, with three bullet wounds. Beitzel said he had taken her to the section, but claimed she had left the car and walked away.

The prosecution showed that the girl was about to become a mother and had pleaded with Beitzel to marry her.

Beitzel admitted he had brought her to California from Philadelphia.

Mr. and Mrs. Henry L. Mauger, parents of the dead girl, were in court when the sentence was passed.

The physician was believed to have become involved in financial difficulties.

## BLACK MONK'S DOUBLE TAKES PART IN FILM

Rasputin, recorded in Russian history as the power behind the throne and the man who dominated the last of the Czar's is an important character in "The Red Dance," the Raoul Walsh production for Fox Films, which is coming to the California theatre commencing tomorrow.

It was Rasputin who repeatedly told the Czar that, as long as he, Rasputin, lived, no harm could come to the Royal House, but when he died the Czar would find a man practically unknown come into power, and the Czar's reign, and send him into an exile which would end in death.

The unknown man proved to be Leon Trotsky and the particular incidents are vivid highlights in the picture, which in every sequence is authentic.

Alexis, a brilliant character actor, plays the role of "Rasputin" and gives a memorable portrayal of the Black Monk, while Boris Charsky, famous Russian character actor, plays the role of the revolutionist.

"The Red Dance" has Dolores Del Rio and Charles Farrell in the leading roles and has been proclaimed by critics one of the most powerful productions that has come to the screen in years.

## The open road

Suppose you came suddenly upon two roads. One straight, well-trodden . . . the other thin and twisting off into undergrowth. If you didn't want to arrive at any place in particular, you might choose the latter. But not otherwise.

Before you, as buyer, run two roads. One is the road of knowledge, of an advertised product. Thousands use it. There's no mystery about it, no doubting, nothing hidden. It leads the way definitely to a fountain pen, a floor wax, a tooth-paste that will give you satisfaction. When you use an advertisement, you use an open road.

When you don't use advertisements, you go the doubtful road. You have only hazy knowledge of the product ahead. No trade-mark or name to depend upon guides you. The result may or may not be worth the effort. You don't know.

Read the advertisements. Anything widely advertised—breakfast food, hammer, hair tonic—has proved itself good by advertising.

Advertisements put you on the open road to satisfaction

## 70 KILLED IN THEATER FLAMES

MADRID, Spain, Sept. 24.—(U.P.)—A fire which broke out last night marked the site of the old Novedades theatre where a thousand happy theatre-goers had gathered 24 hours before to witness a gay performance, and where a fury of flames raged death and destruction through the auditorium.

The sudden fire which broke out near the end of the performance took the lives of at least 70 persons, according to an official count tonight. Probably 230 more were injured, some critically, in the panic rush for exits.

Another crowd was gathered around the charred wreckage for night. There were firemen—thick but grim-faced—working through the shattered structure to make sure the last spark was dead. There were hospital attendants and doctors waiting for the possible recovery of more bodies. There were high government officials who came and went in silence, and there were police who held back the other crowd—that crowd which still sought in vain for missing relatives or friends.

It was revealed by investigators that 45 persons were crushed to death on the stairway leading from the upper gallery to a door of the bar adjoining the theatre. The stairway was only about 26 inches wide. Attendees at the bar dragged a number of persons to safety.

The injured and dying were heaped at the foot of the stairway and only the quick action of rescue workers who carried the injured to the street saved a number of lives.

Most of the deaths were the result of the wild stampede down the stairway. A number of persons lost their balance and fell and were trampled by the furious mass of humanity locked together in the riot.

**TOLL INCREASES**

All day the toll of death had been steadily increased as firemen plunged through the still burning wreckage of the oldest and largest theatre in Madrid. With each hour new details of the terrific struggle within the theatre were added by discoveries of more bodies, by the sight of stiff hands still gripping knives, by the finding of bullet wounds in lifeless bodies. Some of the victims—caught in a maelstrom of struggling men and women and children—had shot themselves rather than wait for the flames, police said. Others were found with knives still gripped in their hands, indicating a futile attempt to fight their way through the jammed exits.

The entire nation was shocked by the disaster in which a number of wooden homes in the lower section of the city were destroyed as the flames spread from the theatre.

## THREE INJURED 3 JAILED IN BRAWL

Following a free-for-all fight here early yesterday morning over two women, according to police reports, four Richmond men are recovering from knife wounds and three are lodged in jail, charged with assault with a deadly weapon.

Manuel Romero, Third street and Macdonald avenue, received deep gashes on the left hip and a cut from the left nose to the left ear; Reuben Mendez, deep gash on right side of nose; Juano Mendez, San Pablo, gash in the back and Joaquin Ramos, cuts on the left wrist.

According to police reports, Ramos, Pedro Calderon and Conception Gonzales were escorting two girls from a dance to the home of Luis Garcia in San Pablo when they were stopped by a car parked across the intersection of Thirteenth street and Garvin avenue.

The occupants of this car, believed to be Luano and Reuben Mendez and Manuel Romero, are said to have objected to the other three men being with the two women, Loretta Alvarez and Enequina Flores. The cutting scrape followed.

Luano Mendez was found by Sergeant John Kenstry wandering about the streets and was taken to the Abbott Emergency hospital where he received treatment from Dr. U. S. Abbott. His two companions had already received treatment at the Emergency hospital.

The injured men denied knowing who their assailants were, but Sgt. Charles Mahkne succeeded in locating them yesterday afternoon and lodged them in jail. They will appear before Justice of the Peace Arthur A. Alstrom this morning for arraignment.

## Joseph Pearson Dead In South

Joseph Pearson, 36, of Richmond has died in the Santa Fe Hospital in Los Angeles according to word received in Richmond yesterday. Pearson was a paint foreman at a local branch of the Santa Fe railroad company.

## Taxpayers Utopia In Pennsylvania

HARRISBURG, Pa. Sept. 24.—(U.P.)—A taxpayer's Utopia has been found in Pennsylvania. Records on file in the office of the Department of Internal Affairs here show that the borough of Armagh, in Indiana county has such limited municipal needs that the visits of the tax collector are few and far between. The last time the residents of the borough paid taxes was in 1926. Then the levy was five mills. The total tax of \$394.12 collected enabled the borough to operate in 1926, 1927 and it is still running on the same amount.

## Stray Bullet Hits Whitmore Hunter

REDDING, Sept. 24.—(U.P.)—A stray bullet fired by an unknown hunter today struck Edgar Archer of Whitmore in the back as he and three companions were hunting on a mountainside near here. The bullet went through the upper part of Archer's chest. His condition was said to be serious, but doctors predicted his recovery.

## VALLEJO TEAM IN WIN OVER CLOTHIER NINE

Scattered but heavy hitting featured the game at Vallejo Sunday when the Johnson Clothiers of Richmond went down to defeat before the Vallejo State League club to the tune of 8 to 6. The Grays put the game on ice in the fifth inning when Broadmerkle knocked a homer with two men on the bases. Seven hits were made off Hylander while the Grays gathered eight safeties off Lefty Wright. Woodson centered field for the Clothiers was the batting star of the day collecting a home run and a double. Kincaid's errors aided the Vallejo club in putting some of their scores across. Kincaid was replaced by Gordon in the fifth who was replaced by O'Rourke at the bat in the eighth. Gordon going to shortstop for the last inning.

## SAN PABLO 9 LOSES GAME TO NEW PULLMANS

Manager Tamm's Pullman team of Richmond started off its baseball season Sunday with a blaze of glory by defeating one of the strongest teams in the Eastbay, the City of San Pablo, Maxwell's Summer League champions by a score of 9 to 4. The game was a well played one, and sportsmanship prevailing at all times and was played before a large crowd.

"Lefty" Gomez, star southpaw was Manager Tamm's choice to oppose San Pablo and he performed well, sending 14 of the opposing batsmen back via the strikeout route and also garnering 4 hits out of 4 official times, but which gave him a perfect day.

From the demonstration Pullman boys gave yesterday, both at the field and at bat, they should be considered dangerous. They appear to be one of the strongest teams around the bay region.

Manager Tamm has signed up a lively and fast ball team for 1928, the roster of which is composed of the following: catchers, Farley and McElroy; pitchers, "Lefty" Gomez, "Lefty" DeLucchi and "Whiz" Schmitz; infielders, Jorgenson, Cornell, Daley and Tamm; outfielders, Hoagland, Grey and Christiana; utility, Goldworthy.

## YANKS READY TO COLLECT PENNANT

By FRANK GETTY  
U. P. Special Correspondent  
NEW YORK, Sept. 24.—(U. P.) They will start paying off on the New York Yankees as the American League pennant winners almost any day now.

The Philadelphia Athletics have tossed away what might have been the rich rewards of one of the greatest uphill fights in the history of baseball by losing three of their four games in the west. The Mackmen bowed to the St. Louis Browns today, making but four hits off Alvin Crowder, thus sacrificing what was just about their last chance to overtake the world's champions.

While the Yankees were faltering on the road, the Athletics, who were only a game behind last Friday, could have taken the lead by making a clean sweep over the week-end. Instead, the Mackmen failed miserably and their defeat today all but puts them out of the running for the American League flag.

YANKS LOSE  
The Cleveland Indians beat the Yankees today, 4 to 1, while the St. Louis Browns were defeating the Athletics 6 to 2.

Accordingly, with but five more games to play, Philadelphia must win them all while the world champions are breaking even if the pennant is to fly from the Shibe park flag pole next spring.

The standing of the two clubs tonight is:  
Yankees.....96 .52 .551  
Athletics.....94 .51 .533

The Yankees have one more game to play than the Athletics, Connie Mack having carefully and carefully tossed away the opportunity to play off a postponement with the Boston Red Sox.

YANKEE CHANCES  
If the New York club wins four out of six from Cleveland and Detroit, its final standing will be:  
Yankees, won 100, lost 54, pct. .649.

In this event, a clean up by the Mackmen would leave them a few points behind, as follows:  
Athletics, won 99, lost 54, pct. .647.

Should the Yankees win no more than two out of six, they would finish up:  
Yankees, won 98, lost 56, pct. .636.

The Athletics then could win the pennant by winning four out of five, to finish:  
Athletics won, 98, lost 55, pct. .641.

HIGHLY IMPROBABLE  
All of which is highly improbable. The Mackmen are staggering, having shot their bolt in the rush from August 1 to September 1, which carried them for a brief span into first place in the American League. The Yankees are staggering, too, but they have the inestimable advantage of that two game lead.

Meanwhile, the National League pennant race presents all the earmarks of developing just some such halfhearted finish as characterized it a score of years ago, when Fred Merkle failed to touch second and the Chicago Cubs grabbed the flag by a few decimal points.

Having taken two out of three from their rivals and reduced the lead of the St. Louis Cardinals to a single game, the New York Giants are driving along at a furious pace, helped over weak plugging spots by tremendous home runs which are sailing to all corners of the Polo grounds.

CARDS SET PACE  
The Cardinals refuse to be overtaken, if they can help it, and are setting a winning pace for their pursuers. Both teams, weary from the terrific strain of the desperate finish, continue to pound out victories in a week when even a single defeat might prove fatal.

The Cards, beating Brooklyn today, 9 to 3, lead the Giants, who turned back the Reds, 7 to 4, by a single game. Both teams have six more games to play. The race is likely to continue right down to next Sunday, when they meet in the closing game of the season.

## Motorist Ordered To Jail In Lieu Of Bail

Falling to answer a citation for a traffic violation, Tony Pine of San Pablo was sent to the county jail in lieu of \$50 bail. This is the second time Pine has failed to appear before Justice of the Peace Arthur A. Alstrom and the bail was set when he finally was found. He is charged with driving without an operators license and with operating a motor vehicle without headlights.

## DELAY ACTION ON EL CERRITO ORDINANCE

Intention of the council of El Cerrito a week ago Monday night to pass an ordinance prohibiting the conducting of chicken ranches in the city brought forth a petition with about 30 signatures against the council taking any such action last night.

Councilman Ernest O'Brien informed those present that the council did not intend to make the ordinance retroactive but intended to prohibit any more chicken ranches being started as they were a detriment to the city.

Mayor Phil A. Lee suggested that an ordinance be framed allowing residents to keep chickens in certain parts of the city so the matter was laid over for one week.

**TRAFFIC ORDINANCE**  
Request of the California State Automobile association to have the city of El Cerrito adopt a uniform traffic ordinance was referred to City Attorney J. H. Peters and Police Chief R. R. Cheek for one week.

The object of the uniform ordinance is to have all the cities and states adopt the same traffic ordinance so the motoring public will be able to be informed on the laws.

Chief of the fire department, Arthur Byrd will not be sent to the Pacific Coast convention of fire chiefs in Sacramento in Oct. on account of the lack of funds in the treasury.

The council of El Cerrito granted a permit to the Oakland Motorcycle club to sell soft drinks at the hill climb to be held Sunday.

**ZONE LAW ADOPTED**  
The zoning ordinance prohibiting the erections of flats and apartment houses in Richmond Traffic Center, Pacific Heights and Mira Vista tracts passed its second reading and was adopted by the council.

The ordinance will become effective immediately.

In order to erect the street signs on the telephone poles City Attorney J. H. Peters was instructed to get permission from the Joint Pole committee.

## DAM MAY NEVER BE COMPLETED

Continued From Page One

contemplated operations will be entirely safe.

"I can see no reason why the dam could not be built safely," Boyer asserted. "The Calaveras, San Pablo and Lake Chabot dams are all earth structures and they were built successfully and have stood the test. If a dam is properly constructed, there is no danger at all."

### COST HEAVY

"Unfortunately for public ownership and the taxpayers the cost of the Mokelumne river project is double that which was announced three years ago. As a result a portion of the project in Alameda county has been abandoned."

"If the Lafayette dam is to be provided it will be necessary to tear out the structure now standing at a cost as great as expended in providing it, excavate to a good foundation, if one exists, and then build it over. This would cost \$4,500,000 and there is no money available to do it. Voting of bonds provides the only means and I do not believe the people of the district will vote them."

"You need have no fear that the dam will be built in your life time. It appears now that in the event there should be a break in the Mokelumne line the water district will have to depend on the East Bay Water company."

## PROTEST HEARD ON PAVING

(Continued from Page 1)  
work and conditions existed as cited in the protests that the people of the hill district were willing to pay an outside engineer to go over the work to prove that it was not put in according to the resolution of intention.

On the suggestion of Councilman Peter Larsen and Engineer Ross L. Calfee the council and an outside engineer named by the protesters will make an inspection of the work Wednesday, Sept. 26 at 9 a. m. and if the work was not done according to the plans the conditions will be rectified and if they were the protest will be overruled and the work accepted.

## SMITH IN NEW ATTACK ON HOOVER

By THOMAS L. STOKES,  
U. P. Special Correspondent  
HELENA, Mont., Sept. 24.—UP

Gov. Alfred E. Smith turned his fire upon Herbert Hoover for failure to condemn, as a member of the cabinet, the "scandals" of the Harding administration in his fourth campaign speech here tonight.

Calling upon the Republican presidential candidate to repudiate the "scandals" now, the Democratic candidate said Hoover cannot pass this challenge to the Republican National Committee, but must meet it himself.

"He took for his subject 'Party Responsibility,' and took a 'text' in his campaign manner long known to New York, from Hoover's recent speech to a delegation of Maryland young men in which the Republican candidate said a new generation must reign to take over party responsibility."

Smith praised Senator Thomas J. Walsh of Montana for his investigation into the naval oil reserve leases to Harry F. Sinclair and E. L. Doheny, oil magnates, by former Secretary of the Interior Fall, and praised Senator Burton K. Wheeler for his probe into administration of the department of justice by Harry M. Daugherty.

### HEALTH CENTER REPORT

## Police Ball Tickets Sold

Tickets for the annual ball of the Richmond police department have been released and are being sold by the members of the department. Judging by the way the tickets are being disposed of, a record crowd will attend the dance which will be held in East Shore park on Oct. 13. Denny Shaw's orchestra has been secured to furnish music for the occasion and the committees in charge are planning novel decorative effects and entertainment.

## P. G. E. Official Held On Charge Made By 3 Girls

FAIRFIELD, Sept. 24.—Frank Starmer 45, manager of the Pacific Gas and Electric company of Fairfield was placed under arrest this afternoon by Sheriff Jack Thornton, charged with statutory offenses against three 16 year old girl employees.

Starmer, who is married, has been in charge of the Fairfield Suisun office of the gas company for 15 years.

The three girls sobbed their stories of the alleged attack to authorities. Feeling in the district is said to be running high as a result of the tales told by the girls.

## Elmer A. Martin Mayor Pro-Tem

Councilman Elmer A. Martin, was again selected as mayor pro-tem at the meeting of the council last evening. Mayor Mattie Chandler is still in the east on a vacation tour.

## Realtors

Real estate men have been rightly styled the city builders of modern times—heirs to the sceptres of kings and emperors who fostered the growth of ancient cities. Most certainly they well deserve the name —"City Builders." Our real estate developers and business district operators have swayed the future of this city in the making. Beautiful home sections, stately business buildings, fine apartment houses—all give mute evidence to their sense of a civic obligation.

Those who live in Richmond should know there is no better . . . no sounder . . . investment today than in Richmond real estate. The beauty of our city is an enduring monument to their steadfast allegiance in sound ideals in city planning. Invest your money with Richmond Realtors . . . With those who invest in your city.
